## You can make a difference!

The Magnuson Advisory Council is a group of citizens dedicated to the enrichment of our community. Its support enables us to offer a variety of programs and services for people of all ages, abilities and backgrounds. Our Advisory Council is always looking for new members. Meetings are held on the third Wednesday of every month to talk about programs, policies, and financial issues. Citizen direction and participation are vital to our continued success. Advisory Council members also create scholarship opportunities through grant writing and other fundraising activities. If you'd like to get involved, please contact our staff. Most classes, workshops, sports and special events are funded through the Advisory Council rather than through Seattle Parks and Recreation. Revenues generated through program fees offset program costs to make Advisory Council activities self-sustaining. We rely heavily on program participation, donations, and contributions to buy, repair, maintain, and upgrade program equipment and supplies.

## Mission

Seattle Parks and Recreation will work with all citizens to be good stewards of our environment, and to provide safe and welcoming opportunities to play, learn, contemplate, and build community.

## E-Brochures are available!

In keeping with our environmental stewardship policies, we're trying to reduce the amount of paper we use. We invite you to visit our web site at [www.seattle.gov/parks](http://www.seattle.gov/parks). You can find this brochure information online.

They will participate in creating a new kid-sized "Jr. Explorers Garden", and will also help plant and harvest the nearby p-patch "Giving Gardens" that donate to local food banks. The March class will focus on seeds, germination, and roots, and then celebrate spring by making a nice "fluffy blanket" garden bed and planting swaths of vegetable seeds. The April class continues the learning with a focus on shoots and leaves, observing plant growth, and the beginning of "snackability". Through the rest of the year, Jr. Explorer's classes and camps will continue the learning, observing, and growing. Tiny seeds will grow into food fit for a king and queen, and children will reap a harvest of knowledge and delight along with the joy of giving.

### Waiting lists

We will create waiting lists for all filled classes. Please be sure to sign up if you are interested in a class that is full, because class openings often become available. If demand is high, we will try to form another class. Please contact us for space availability at 684-7026.

### Refunds

It is the policy of Seattle Parks and Recreation and the Associated Recreation Council that:

**Anyone** who registers for a class, camp, special event or program that is cancelled for any reason by Parks and Recreation or the Advisory Council will receive a full refund.

**Anyone** who registers for a day camp, trip, overnight camp, special event, or facility rental, and who requests a refund 14 days or more before its start (or before the second session of a class), may receive a refund minus a service/deposit charge.

**Anyone** who registers for a day camp, trip, overnight camp, special event, or facility rental, and who withdraws from the activity fewer than 14 days before its start (or after the second session of a class), will receive no refund.

Please read the entire policy, #7.16, for specific information.

### Class cancellations

To cover the cost of providing a program, we need a specific number of participants. If too few people sign up for a class, we must cancel it. We'll notify you (at the latest) one or two days before the class start date. When possible, we will postpone a cancelled class for a week to allow for more enrollments; if the class minimum is not met by then, we will have to cancel it.

### Confirmations

Sorry, we cannot confirm class registration by mail or phone, but we will notify you by phone if your class is postponed or cancelled.
